

# Pattern Identification Template

Google UX Design Certificate

1. It was observed that 3 out of 5 participants liked the demo feature. This means that demo feature is necessary.
2. It was observed that 3 out of 5 participants understood the payment type feature clearly. This means that payment type feature isn't clear.
3. It was observed that 2 out of 5 participants didn't like the featured banner leading directly to demo. This means that after clicking a featured link, demo-ing the game should be a choice.
